ecently Cassaux said that it was his duty to see that no one poisoned the exar. He explained that he and two chemists were stationed in a room ad-joining the imperial dining room.

South Windsor.—The local Liberty loan committee has placed a quota of \$100 an acre on the 1818 crop of the tabacco farmers of South Windsor. As the tobacco is still in the sheds and cannot be turned into cash for several months, four banks have expressed a willingness to finance the proposition. It will be necessary for the tobacco farmers to make a payment of 10 per cent, with their subscriptions, the bal-ance to be loaned for 30 days at 4 1-2 per cent. If the farmers are willing to avail themselves of the offer, it would raise \$2,000,000 for the loan.

The prevalence of influenza in Westerly has resulted in the town council swearing in members of the Westerly Sanitary corps, Dr. Frank L. Payne commanding, as police constables, for the purpose of enforcing resultations to prevent spread of the discase. The council issued orders to Chief of Police Thomas E. Brown to notify all saloon keepers that they must not allow men to congregate in their places of business, and that fall-ure to comply with the notice will result in the immediate closing of such saloons, until the prevailing epidemic is passed. The council issued orders to proprietors of soda fountains to immediately discontinue the use of those fountains during the continuance of the epidemic. Under these conditions the seller of whiskey and beer may continue the sale of intoxicating drinks, but the dispensers of non-intoxicants must go out of business temporarily. People are permitted to so into a saloon, get a drink and set.
